STATEMENT AND PETITION TO MAKE
SPECIAL UNDER 37 C.F.R. § 1.102;
MPEP § 708.02(XII) #5

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants hereby respectfully petition to make special the above-referenced patent application according to MPEP § 708.02(XII), which pertains to an invention relating to biotechnology filed by applicant who is a small entity.

The present application relates to biotechnology because it is directed to protein and DNA-based vaccines to treat or prevent human immunodeficiency virus (HIV) infection.

(A) Small entity status has been established for Applicant.

(B) The subject matter of the present application is a major asset of the company, Epimmune Inc.

(C) The development of the technology will be significantly impaired if examination of the patent application is delayed. Delay in examination will impair business

development and financing efforts to maintain the viability of the company and to thereby support development of the subject technology.

Please charge \$130.00, pursuant to 37 C.F.R. § 1.17(i), to Deposit Account 20-1430.

CONCLUSION

In view of the foregoing statement establishing that the present invention relates to biotechnology filed by applicants who are small entities, Applicants respectfully request that this petition be granted. If a telephone conference would expedite consideration of this matter in any way, please call the undersigned at 415-576-0200.

Respectfully submitted,

Jean M. Lockyer
